

HONG KONG
DODGEBALL
香港閃避球總會 **ASSOCIATION**

Dear HKDA Members,

It has been brought to our attention that there have been repeated incidents of misconduct carried out through social media.

Members are reminded to bring their grievances over match outcomes and incidents directly to HKDA staff, coaches or board members as opposed to posting them publicly on social media.

We acknowledge team and club rivalries are a common aspect of team sports, but we as an organization draw a firm line with regards to off-court animosity, which extends to online interactions as well.

Therefore, the HKDA strictly prohibits any posts, messages, or comments that involve personal attacks, insults towards other groups or participants, or the spreading of hatred and malice. Comments or actions that contradict the values of the HKDA do not represent our stance as an organization. While rivalries between teams or clubs are common in team sports, all teams should understand the boundaries of competition and focus on the technical aspects and development of dodgeball, rather than allowing on-court competition to extend to off-court animosity. This includes behavior in both offline contexts and online social media platforms.

It is our job as a professional sports body to create a community based on friendly competition, teamwork and respect, but each member is part of that community and has a responsibility to uphold those values as representatives of HKDA and Hong Kong SAR.

As such, to ensure the continued integrity of this community and league, the HKDA board is currently discussing updates to our policies with regards to sportsmanship in offline and online interactions between members, both inside and outside of competition.

Regarding these policy updates, members of the community are encouraged to share their concerns or feedback with any of the 9 HKDA board members.

Sincerely,
The HKDA Executive Board
